THE PLEASURE-WAY LEGACY

For more than forty years, Pleasure-Way Industries has been guided by one defining goal: to build motorhomes of lasting quality and craftsmanship. Family-owned and proudly Canadian since 1986, we continue to handcraft each motorhome with care, precision, and a steadfast commitment to excellence.

We do not mass produce. Every coach is built one at a time by skilled artisans who take pride in their work and uphold the standards set by our founder, Merv Rumpel. This dedication has earned us one of the lowest warranty claim rates in the RV industry and the trust of owners across North America.

We remain true to our roots while embracing innovation that enhances reliability, comfort, and performance. With each new model, we carry forward our tradition of craftsmanship, creating motorhomes built to inspire confidence, built to endure, and built to last.

Width:	7' 11" / 241 cm	Towing Capacity:	4,220 lbs / 1,914 kg

HOW IT'S MADE

Most RVs are built on assembly lines, with the interiors and cabinetry stapled together in a menagerie of paneling and wooden sticks. The walls and roof are typically installed last and many of these recreational vehicles feature a meager 12-month warranty. At Pleasure-Way, we are proud to say that we build our motorhomes to last, and that our manufacturing process reflects this.

WELDING

Construction of every widebody motorhome begins in the Welding and Metal Fabrication department. Here, skilled fabricators handcraft the structural foundation by welding tubular steel to create the frame over a period of 50 hours. Tubular steel construction creates a rigid, impact-resistant structure that is far safer and more stable than traditional motorhome builds that rely on wood, aluminum, or stapled assemblies. The result is one of the safest motorhomes on the market.

PAINTSHOP

Every component, including fiberglass running boards, is hand-sanded, primed, painted, and clear-coated for a flawless finish. Even smaller parts, like vents and hatches, are painted to match the exterior, showcasing our meticulous attention to detail. Our commitment to quality and safety sets Pleasure-Way motorhomes apart from the competition.

CARPENTRY

At Pleasure-Way, every motorhome begins with genuine, hands-on craftsmanship. In our on-site mill shop, experienced carpenters create each cabinet, drawer, and interior component completely in-house. Built with care and precision, these components contribute to the strength and long-term reliability our motorhomes are known for.

ELECTRICAL

At Pleasure-Way, our meticulous electrical installation process is tailored for optimal performance and reliability. It begins with careful planning of wiring layouts, followed by the installation of the main wiring harness, circuit breakers, outlets, and premium lighting fixtures selected for durability and aesthetics. After installation, we conduct thorough testing to verify connections and ensure proper voltage, guaranteeing a dependable electrical system that enhances the Pleasure-Way experience.

INSTALLERS

Each motorhome is crafted by a single “installer” who is responsible for building the entire coach. While the installer works, other team members (such as electrical and plumbing) assist as needed, but the coach stays in one place rather than moving down a production line. This process ensures a high-quality product, as our installers can focus entirely on their coach.

UPHOLSTRY

Our sofa and ottoman cushions feature a medium-density foam base topped with three inches of viscoelastic memory foam and finished with dacron, providing comfort and eliminating seam discomfort when converting to a bed. Upholstery is then wrapped in stylish UltraLeather. This luxurious fabric is durable, stain-resistant, pet-friendly, and easy to clean.

FINISHING

This team transforms a completed build into a refined, polished motorhome. They install cabinet and bathroom doors with fitted hinges, apply silicone to the floors and Corian surfaces, set the stovetop, and mount valences. They also install closet rods, hooks, latches, drawers, screens, and the covers that hide electrical and plumbing components. Even essentials like the fire extinguisher are placed with care.

DETAILING

Our Detailing team prepares each motorhome for the final stages of the build. They begin with an interior pre-clean that removes dust and debris so the Finishing department can apply silicone to the vinyl flooring and Corian surfaces without contamination. The unit then moves through Washbay for a full exterior wash, followed by careful decal installation. The department completes its work with an interior final clean that brings every surface to a showroom-ready shine.

QUALITY CONTROL

The most important stages in our entire manufacturing process. Our motorhomes goes through a detailed inspection that covers its exterior, interior, and all major systems. Each check is performed with confirming the level of craftsmanship our owners expect from a Pleasure-Way.

The exterior inspection begins with a full review of the chassis and all mounted components. QC checks the condition of chassis seam seals, examines each window for flaws, and inspects the undercarriage for proper routing, fastening, and protection. They move to the roof to verify seal integrity, solar panel mounting, air conditioner installation, and awning operation.

Inside, the team performs an equally thorough evaluation. Every electrical component is powered on, soft-close hardware is checked. Cabinets, countertops, and mounted components are level and properly aligned. Lights, outlets, USB ports, plumbing fixtures, screens, and latches are all inspected for both function and finish. QC also looks closely for visual imperfections or anything that does not meet our standards for fit and finish.

If an issue is found at any point, the motorhome is returned directly to the department responsible. The issue is corrected, and then QC re-checks the same area to confirm the fix. No unit moves forward until the team is satisfied that every detail is correct. This is why we have one of the lowest manufacturer defect rates in the industry!

LUXURY COMES **STANDARD**

At Pleasure-Way, our commitment to quality is unwavering. Every motorhome we build reflects a legacy of craftsmanship, precision, and pride. To achieve this, we partner only with trusted suppliers who share our pursuit of excellence and reliability. The result is a motorhome that stands apart, built with components selected not for their popularity, but for their proven performance and long-term value.

TRUMA AVENTA ECO AIR CONDITIONER

This 13,500 BTU rooftop air conditioner offers enhanced quietness and efficiency, featuring auto cooling and night modes.

TRUMA VARIOHEAT FURNACE

Three automatic output levels, intelligent fan control, near-silent operation, high airflow, and three stage burner system combine to heat your coach quickly and efficiently.

XANTREX™ 3000 WATT INVERTER/CHARGER

Provides power to the TV, microwave, induction stove, A/C, and 120 VAC receptacles when you're not plugged into shore power or running the generator.

ONAN® QG 2500i 2.5 KW GENERATOR

Offering greatly reduced noise and vibration levels, improved fuel efficiency, and better performance, this propane generator is a reliable, and remarkably quiet power source.

TRUMA AQUAGO® COMFORT PLUS WATER HEATER

The 60k BTU stepless burner, recirculating waterline, and mixing vessel deliver hot water on demand, at even temperatures.

10" TOUCHSCREEN CONTROL PANELS

The dual 10-inch touchscreens offer centralized access to lighting, climate, and power management, combining advanced technology with the simplicity of a single, easy-to-navigate interface.

12V COMPRESSOR FRIDGE

The 12v compressor refrigerator delivers exceptional cooling efficiency with minimal power draw. Engineered for durability and quiet performance, it keeps food chilled in all climates.

ECO-ION 600Ah LITHIUM BATTERIES

The high-performing, fast-charging and maintenance-free coach batteries offer superior power storage for hassle-free use of your favorite devices.

LAGUN TABLE MOUNT SYSTEM

A cantilevered support arm offers adjustable height, eliminates the typical center post, and swivels 360° at both the table top and support arm.

STAINLESS STEEL GALLEY SINK

The large 13" x 17" x 6 ¾" galley sink is complemented by a high-arc faucet with pull-out sprayer. This combination makes filling and cleaning large pots much easier.

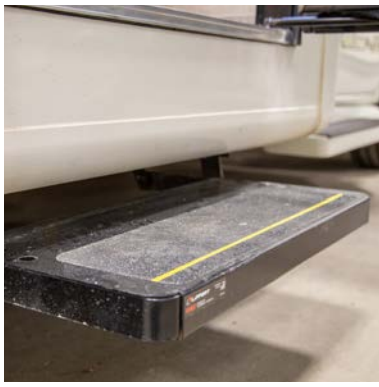
INCLUDED FEATURES

EXTERIOR STORAGE BAYS

Thoughtfully designed exterior storage bays provide convenient access to essential gear, tools, and travel equipment. Each compartment is precision-fitted and finished for durability, with secure latches and weather-resistant seals that protect your belongings from the elements. You'll appreciate the practicality and organization these storage bays bring to every trip.

AUTOMATIC POWER STEP

The Lippert Power Step automatically extends when you open the door, providing a sturdy, low step for safe and easy entry. When the door closes, it retracts smoothly to maintain ground clearance and preserve the vehicle's clean profile. Built from durable, corrosion-resistant materials, it enhances convenience and accessibility without compromising the coach's sleek design.



GO POWER!® SOLAR PACKAGE

Extend your off-grid adventures with the integrated Go Power!® 500-watt solar system. This advanced setup delivers clean, reliable energy to recharge your coach batteries and power your 12-volt and 120-volt systems through the inverter. Enjoy greater freedom and flexibility without relying on shore power or running the generator.

ALCOA DURA-BRIGHT ALUMINUM WHEELS

Enhance both style and performance with Alcoa's one-piece forged aluminum wheels. Five times stronger than steel, these wheels resist corrosion, eliminate the need for polishing, and maintain their brilliant finish through years of travel. Durable, lightweight, and designed to impress.

EXTERIOR PAINTED PLASTIC MOLDINGS

A painted front bumper, along with matching side door mouldings, create a seamless automotive finish. The color-matched design enhances the exterior profile of your motorhome, adding a refined, cohesive appearance that complements the Mercedes-Benz chassis.

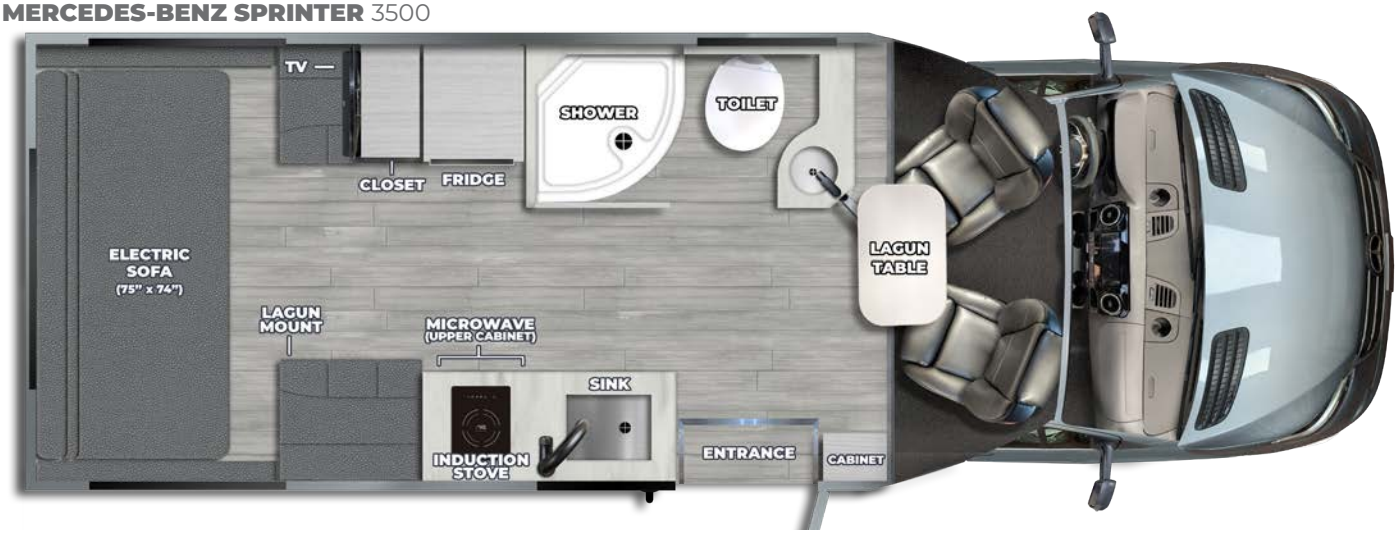
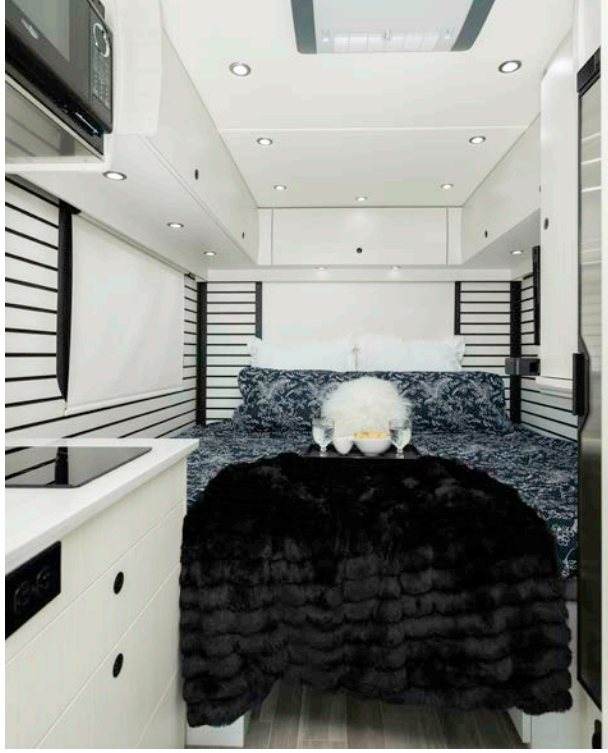
PLATEAU XLTS

MERCEDES-BENZ SPRINTER 3500



The Plateau XLTS combines the spacious comfort of a widebody coach with Pleasure-Way's hallmark handcrafted quality. Built on the Mercedes-Benz Sprinter 3500 chassis, it features a luxurious open layout with a rear power sofa that converts into a 75" × 74" bed, a full dry bath, and an expansive galley complete with Corian® countertops and ample storage. Every inch is designed to deliver the perfect balance of function, comfort, and freedom on the road.

Advanced systems, including 600Ah Eco-Ion® Earth Smart lithium batteries, a 3,000-watt inverter/charger, and an integrated 500-watt solar array, provide reliable off-grid power. Dual 10-inch touchscreen control panels, Truma® climate systems, and handcrafted cabinetry bring precision and refinement to every journey.



LAGUN TABLE MOUNT SYSTEM

Enjoy the freedom in your motor-home with this unique table system that is height adjustable, and swivels at both the tabletop & support arm, with multiple mount location options.

POWER SOFA

Switch effortlessly between lounge and sleep mode with the touch of a button. The power sofa converts into a spacious 75" x 74" queen bed, offering exceptional comfort and convenience for both day and night use.

FULL DRY BATH

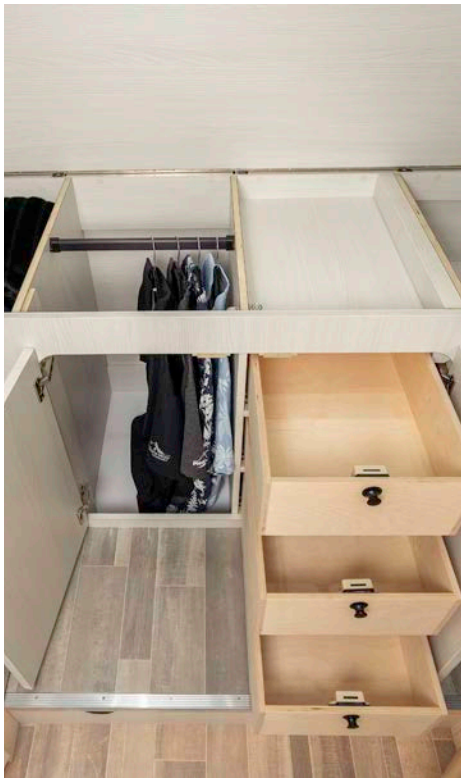
The Plateau XLTS features a spacious full dry bath with a 32" enclosed shower, vanity, and toilet, offering the comfort and convenience of a resi-dential-style bathroom designed for everyday ease and luxury.

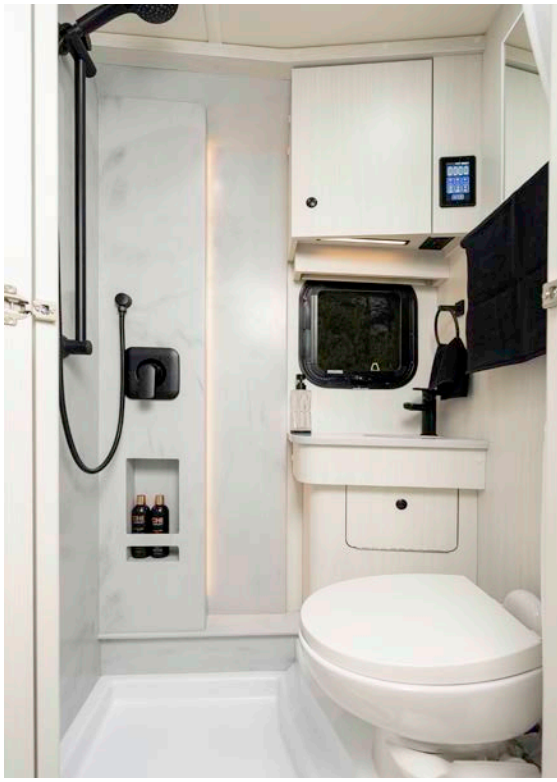
PLATEAU XLRB

MERCEDES-BENZ SPRINTER 3500

The Plateau XLRB redefines versatility with its innovative rear bed and garage layout. The permanent 75" x 74" sleeping surface provides exceptional comfort. Below, a spacious 64 cu. ft. storage bay becomes a perfect spot for bikes, outdoor gear, or bulky luggage. This unique design makes the XLRB equally suited for extended travel or adventure-ready weekends.

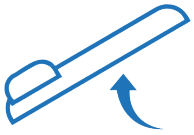
Inside you'll find handcrafted cabinetry, Ultraleather® upholstery, and Corian® solid surfaces, a fully equipped galley, enclosed wet bath, and dual 10-inch touchscreen control panels. Powered by Eco-Ion® Earth Smart lithium batteries, a 3,000-watt inverter, and 500 watts of integrated solar, the Plateau XLRB offers quiet, reliable operation both on and off the grid.





3-DOOR GARAGE STORAGE

An impressive 64 cu. ft. of secured storage space, with three locking exterior doors. Large enough for outdoor gear or bulky luggage. Built with sturdy doors, it keeps your belongings protected no matter where your journey takes you.



RAISED BED W/ STORAGE

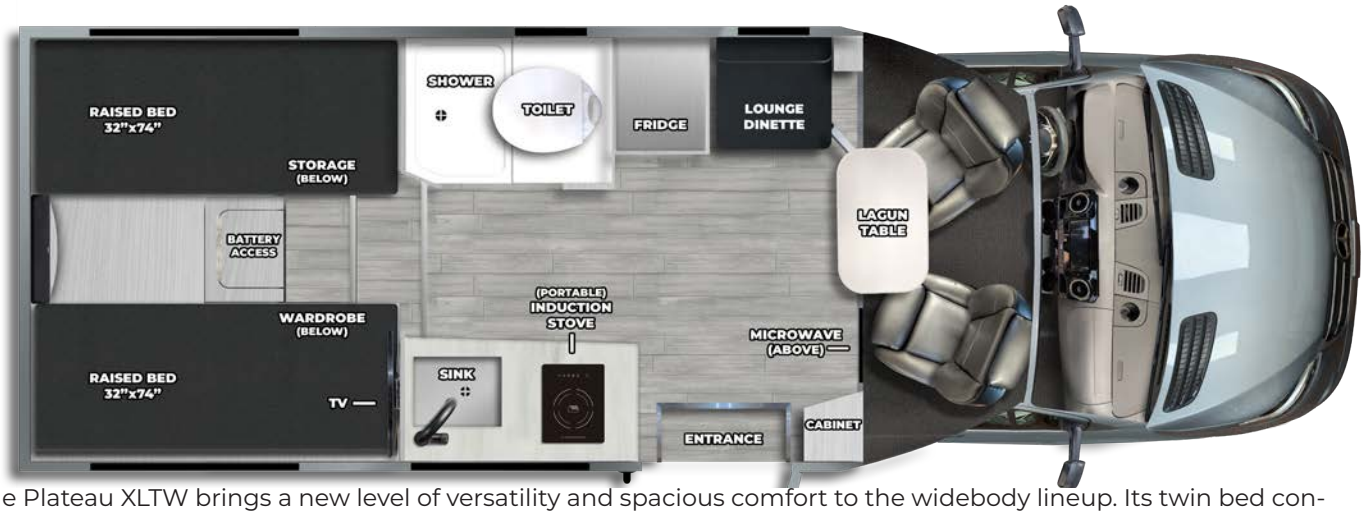
A Permanent raised bed offers easy access to organized storage below. The lift-up design reveals a thoughtfully arranged space featuring wardrobe storage, pull-out drawers, and additional compartments for keeping essentials neatly stowed.

FRONT LOUNGE

The front lounge transforms as a multi-purpose living space. The L-shaped bench and swiveling captain's chairs provides room to relax, dine, or work, while two Lagun® table mount locations offer flexible configurations for meals or productivity.

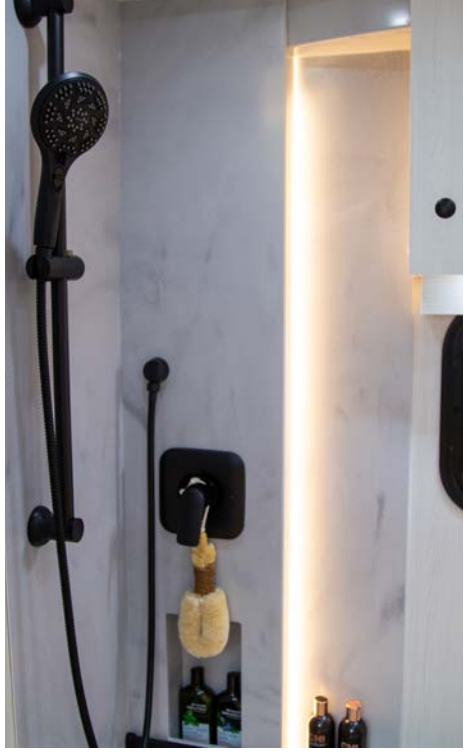
PLATEAU XLTW

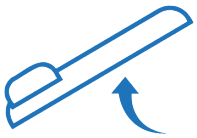
MERCEDES-BENZ SPRINTER 3500



The Plateau XLTW brings a new level of versatility and spacious comfort to the widebody lineup. Its twin bed configuration offers two permanent 32" × 74" sleeping areas that easily lift to reveal large storage compartments below. Additionally, at the rear of the coach you'll find a large 64 cu. ft. 3-door garage storage space, ideal for bulky gear or for extended travel essentials.

The XLTW combines premium materials with intelligent design. Corian® solid surfaces, Ultraleather® upholstery, and handcrafted cabinetry create a bright, inviting living space, all complemented by modern technology such as dual 10-inch touchscreen control panels and advanced Truma® climate systems. All built on the trusted Mercedes-Benz Sprinter 3500 chassis.





RAISED BED W/ STORAGE

Two permanent 32" × 74" twin beds lift to access a spacious wardrobe area and dedicated compartment, providing organized space for clothing, gear, and travel essentials. Designed for everyday convenience, the twin layout offers both comfort and practicality.

3-DOOR GARAGE STORAGE

An impressive 64 cu. ft. of secured storage space, with three locking exterior doors. Large enough for outdoor gear or bulky luggage. Built with sturdy doors, it keeps your belongings protected no matter where your journey takes you.

FULLY EQUIPT GALLEY

A large galley with Corian® countertop and sink cover, undermount stainless steel sink, portable induction stove, fridge/freezer, microwave, and generous storage throughout.

THE PLEASURE-WAY LIFE

Traveling in a Pleasure-Way motorhome offers unique advantages over traditional RVing in larger Class A, Class C, or towable trailers. Whether you're a seasoned full-timer or just beginning your RV journey, something has drawn you to the Pleasure-Way lifestyle. Along the way, you'll create lasting memories, forge new friendships, and collect stories worth sharing.

PLEASURE-WAY
PATHFINDER

The Pleasure-Way Pathfinders are a group of passionate owners and ambassadors who share their real-life experiences with our motorhomes. They help others discover what it's like to travel, live, and explore in a Pleasure-Way by sharing stories, photos, and honest insights from the road. Each Pathfinder represents the Pleasure-Way community's spirit of adventure, craftsmanship, and connection. They offer an authentic look at the lifestyle that comes with owning a handcrafted motorhome.

OWNER'S CLUBS

The Pleasure-Way owners' clubs are proudly operated by fellow owners and enthusiasts just like you who share a deep passion for RVing. We believe that meeting new friends and sharing adventures is an important part of the Pleasure-Way experience. A lovely group of owners have created East and West based group who actively participate in rallies and group meet-ups!

MERCEDES-BENZ SPRINTER CHASSIS

Renowned for precision engineering and advanced safety, the Mercedes-Benz Sprinter chassis delivers a smooth, confident drive. Its powerful diesel engine, innovative driver-assist technology, and refined interior create the perfect foundation for every Pleasure-Way motorhome.

INFOTAINMENT SYSTEM

All the options and cotrols are placed in functional islands and logically incorporated into the overall design of the Sprinter's cabin, making every action smooth, intuitive, and economical. The results are fewer driver distractions and increased efficiency and productivity.

MBUX MULTIMEDIA SYSTEM W/ 10" TOUCHSCREEN

The sprinter features high-resolution display screens that are activated via touch, oice control, or touch buttons on the steering wheel. You can now pinch, swipe, and all the other motions you're used to from your smartphone. Additional features include:

- Navigation
- Bluetooth connectivity w/ audio streaming
- "Hey Mercedes" voice control
- Hands-free smartpone integration
- Multimedia interface w/ USB-C ports

MULTIFUNCTION STEERING WHEEL

The multifunctional steering wheel allows for the driver to operate the on-board computer, vehicle functions, and multimedia systems without taking their hands off the steering wheel. This is done via touch-control and regular buttons.

POWER & HEATED SEATS

The swiveling driver and passenger seats have been redesigned with enhanced lumbar support and offer power adjustments, meory settings, and thee-stage heating controls.

SAFETY FEATURES

- Active Brake Assist
- Active Distance Assist Distronic
- Traffic Sign Assist
- Attention Assist
- Active Lane Keeping Assist
- Blind Spot Assist
- Crosswind Assist

ADDITIONAL FEATURES

- Rear view camera
- Keyless Ignition
- LED headlights

MERCEDES-BENZ 3 YEAR WARRANTY

Every Pleasure-Way built on the Mercedes-Benz Sprinter chassis is backed by a 3-year, 36,000-mile New Vehicle Limited Warranty. This comprehensive coverage reflects Mercedes-Benz's commitment to quality, reliability, and peace of mind—ensuring your journey is supported by one of the most trusted names in automotive excellence.

PLEASE NOTE

Some Mercedes-Benz features listed may not be available on all chassis. Please see your Pleasure-Way dealer for complete details.

WARRANTY

All Pleasure-Way motorhomes are backed by our Five Year Freedom Warranty. Pleasure-Way Industries Ltd. warranties the specified new Pleasure-Way Motorhome free from defects in material and craftsmanship, on portions manufactured by Pleasure-Way Industries Ltd. under normal use and service.

Coverage - 5 years or 60,000 miles / 100,000 kms (limited warranty)

PLEASURE-WAY PERSONAL ASSISTANT

We understand that it takes time to get completely familiarized with your new motorhome and all of its features. For this reason, you will be designated your very own Pleasure-Way Personal Assistant for the first 90 days of ownership!

Your P.A. is a specialized and knowledgeable member of the Pleasure-Way team who works right here in our manufacturing facility. Upon receiving the warranty registration of your new motorhome, your P.A. will provide you with their contact information. You will now have access to your Pleasure-Way P.A. six days a week, via a dedicated, toll-free phone number or email.

Your Pleasure-Way P.A. will be there to assist you in all matters pertaining to the operation of your Pleasure-Way motorhome. After your 90 day period expires, you will have all the confidence and knowledge to enjoy your new Pleasure-Way for years to come!
